 1. (a) the type of business covered by reference to _risk categories_ and if only part of a _risk category_ is covered, a description of that part;
 2. (b) the type of cover, including such details of the terms and conditions of the contract as are necessary for a proper understanding of the nature of the cover; and
 3. (c) the period of cover.
2. (2) where the contract of _reinsurance_ has been modified during the _financial year_ in question:
 1. (a) no information need be supplied pursuant to (1) in respect of a contract of _reinsurance_ which was entered into before the beginning of the _financial year_ of the _firm_ to which the Insurance Companies (Accounts and Statements) Regulations 1996 first applied; and
 2. (b) in any other case, the information to be supplied pursuant to (1) must be limited to any changes to the information previously supplied pursuant to that paragraph or its predecessor legislation in respect of that contract.
3. (3) for every contract reported pursuant to (1), whether in the _return_ for the _financial year_ in question or any previous _return_, the _firm_ must also prepare, if relevant, a statement of:
 1. (a) in the case of contracts which are subject to no or a limited number of reinstatements, any contract not previously reported pursuant to this provision (or its predecessor) under which it is anticipated that such limit will be exhausted by claims (including claims incurred but not reported, in respect of any specific occurrence for which provisions have been allocated);
 2. (b) the percentage of cover, if in excess of 10% and if such information has not already been included in the _return_ of the _firm_ for any previous _financial year_, which has been ceded to _reinsurers_ which have ceased to pay claims to their reinsureds in full, whether because of insolvency or for any other reason; and
 3. (c) if the percentage specified in (b) has increased by more than 10 percentage points since the previous _financial year_ in which it was included in the _firm's_ _return_, a statement of that percentage unless, in the opinion of the _governing body_, the likelihood of any claim being incurred under that _policy_ is minimal.
4. (4) for each _risk category_, or part thereof, in respect of which separate non-facultative _reinsurance_ cover has been obtained, the _firm_ must prepare a statement of the 'maximum net probable loss' to the _firm_ from any one _contract of insurance_ effected by it and from all such contracts taken together.
5. (5) for the purposes of (4), the 'maximum net probable loss' is the maximum loss (net of _reinsurance_) arising from any one incident, or any one series of incidents from the same originating cause, which:
 1. (a) the _governing body_ at the time they decided upon the _reinsurance_ cover in respect of the _financial year_ in question, reasonably contemplated to be of a type which might take place during that _financial year_; or
 2. (b) has actually occurred during the _financial year_ in question.
6. (6) the disclosure required by (4) must be given in respect of all _risk categories_, or parts thereof, of the _insurance business_ carried on by the _firm_ whether or not the _firm_ has purchased any _reinsurance_ cover for that _risk category_, or part thereof, and in (5) deciding upon the _reinsurance_ cover includes deciding not to obtain any _reinsurance_ cover.
7. (7) for each _combined category_ (other than _category numbers_ 500 and 600) and _risk category_ with _category numbers_ 160, 350, 400, 510 to 590, 610 to 690 and 700 and separately for contracts of facultative and non-facultative _reinsurance_ ceded in respect of the _financial year_ in question the amount of the _reinsurers_ share of gross premiums must be stated.

4.25

A _firm_ must deposit with the _PRA_ a statement regarding financial _reinsurance_ in relation to any _contract of insurance_ under which _general insurance business_ has been ceded by the _firm_ where:

1. (1) the value placed on future payments in respect of the contract in the _return_ for the _financial year_ in question is not commensurate with the economic value provided by that contract, after taking account of the level of risk transferred; or
2. (2) there are terms or foreseeable contingencies (other than the insured event) that have the potential to affect materially the value placed on the contract in the _firm?s_ balance sheet at, or any time after, the end of the _financial year_ in question,
3. and the statement must include the following information:
 4. (3) the _financial year_ of the _return_ in which the contract was reported in the _return_ ;
 5. (4) the financial effect of the contract of the _insurer?s_ _capital resources_ as shown in the _return_ for the _financial year_ in question;
 6. (5) the amount of any undischarged obligation of the _firm_ under the contract and a brief description of the conditions for the discharge of such obligation;
 7. (6) how any undischarged obligations, including any contingent obligations, have been taken into account in determining the _insurer?s_ _capital resources_ ; and
 8. (7) a general description of how the _firm_ makes the financial assessment that enables it to determine whether a contract satisfies the condition in (1), even if there are no contracts in respect of which information is required by (3) ? (6).

4.26

In determining whether a _contract of insurance_ meets one or both the conditions in 4.25, the _firm_ must:

1. (1) treat as part of a contract any agreements, correspondence (including side letters) or understandings that amend or modify, or purport to amend or modify, the contract or its operation; and
2. (2) consider whether the contract meets the condition in 4.25(1) when considered together with one or more other _contracts of insurance_ entered into between:
 1. (a) the _firm_ and the _reinsurer_ under the first contract; or
 2. (b) the _firm_ and any other _person_ , where it could reasonably be predicted, at the time the most recent contract was entered into, that the contracts when considered together would meet the condition in 4.25(1).

4.27

The statement required under 4.25 must also include the following information in relation to any _financing arrangement_ :

1. (1) the _financial year_ of the _return_ in which the _financing arrangement_ was first reported in the _return_ ;
2. (2) the financial effect of the _financing arrangement_ on the _insurer?s_ _capital resources_ as shown in the _return_ for the _financial year_ in question;
3. (3) the amount of any undischarged obligation of the _firm_ under the _financing arrangement_ and a brief description of the conditions for the discharge of such obligation; and
4. (4) how any undischarged obligations, including any contingent obligations, have been taken into account in determining the _insurer?s_ _capital resources_ .

4.28

No information need be supplied pursuant to 4.25 or 4.27 in respect of a _contract of insurance_ or _financing arrangement_ if, when it is considered in aggregate with all such contracts with the same _reinsurer_ or _counterparty_ or any other _person_ with whom the _firm_ has entered into a contract:

1. (1) A is less than 1% of B in the _return_ for the _financial year_ in question; and
2. (2) the _firm_ expects A to remain less than 1% of B for the foreseeable future,

3. where:

4. (3) A is the financial effect on the _firm?s_ capital resources_ as a result of the existence of the contract(s); and
5. (4) B is the _firm?s_ total gross amount of _technical provisions_.

4.29

Where the statement required under 4.25 and 4.27 includes information about a _contract of insurance_ in respect of which information has been included in the statement required by 4.22 relating to the _financial year_ in question, the _firm_ must include in the statement under 4.25 and 4.27 a cross-reference to that other information.

6.9

Subject to 14.4, a _firm_ must not complete a box which is shaded or not labelled on a Form.

Where the term ?financial year? is used on a form, this means the _financial year_ in question.

6.11

A _firm_ must express the currency of any asset, or the amount of any liability, denominated in a currency other than sterling in sterling as if conversion had taken place at the closing middle rate on the last day for which the appropriate rate is available in the _financial year_ to which the asset or liability relates. 6.16

A _firm_ must complete the following Forms set out against the relevant _PRA general insurance business reporting categories_ :

6.20

Where a Form is to be submitted but all entries (including comparatives) would be blank, that Form may be omitted provided that a note coded FF00 (where F is the Form number) is included stating that this is why the Form has been omitted. Where a Form is omitted because of the operation of a de minimis limit, a note coded FF00 must be included stating that this is why the Form has been omitted. This note is not needed where a Form is omitted because the rules do not require it for a reason other than the operation of a de minimis limit.
